ETW18 /ECO-DRINKING TAP WATER

AISI 316L STAINLESS STEEL

Rubinetto 3 fori per acqua filtrata liscia, liscia/gassata fredda, e miscelata con bocca di erogazione girevole H. 375 mm. Sistema di microfiltrazione dell'acqua con refrigerazione non incluso.

Three-hole tap for filtered still, chilled still/sparkling water, and mixer with swiveling spout H. 375 mm. Water microfiltration system with cooling not included.

CEADESIGN STUDIO

Prodotto che necessita di collegamento elettrico
Product that needs electrical connection

Portata aeratore 7 l/min / 1.8 gpm, risparmio idrico
Flow rate aerator 7 l/min / 1.8 gpm, water saving

MANUTENZIONE / MAINTENANCE

NON UTILIZZARE
DO NOT USE

acido clorico e muriatico
chloric and muriatic acid

acido fluoridrico
hydrofluoric acid

ipoclorito di sodio
chlorine bleach

UTILIZZARE
TO USE

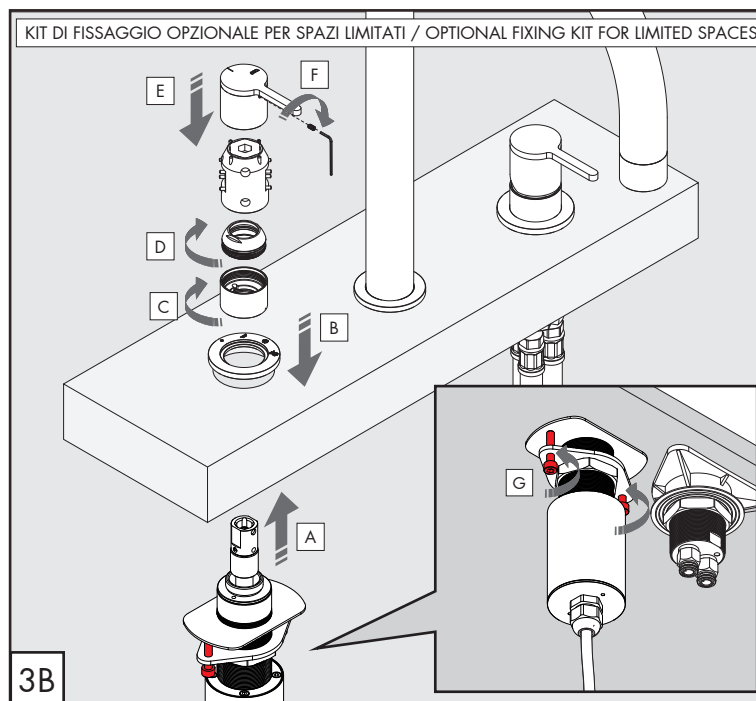

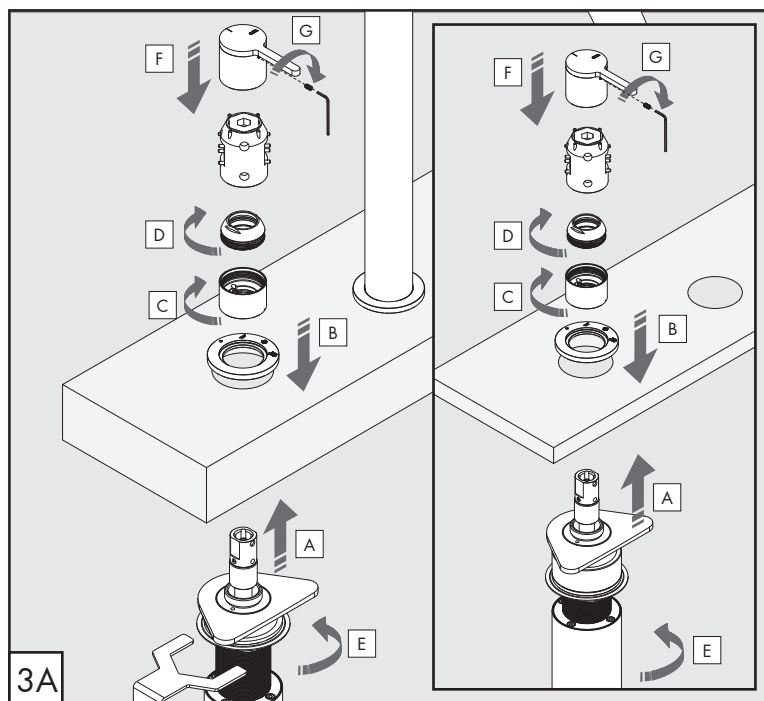

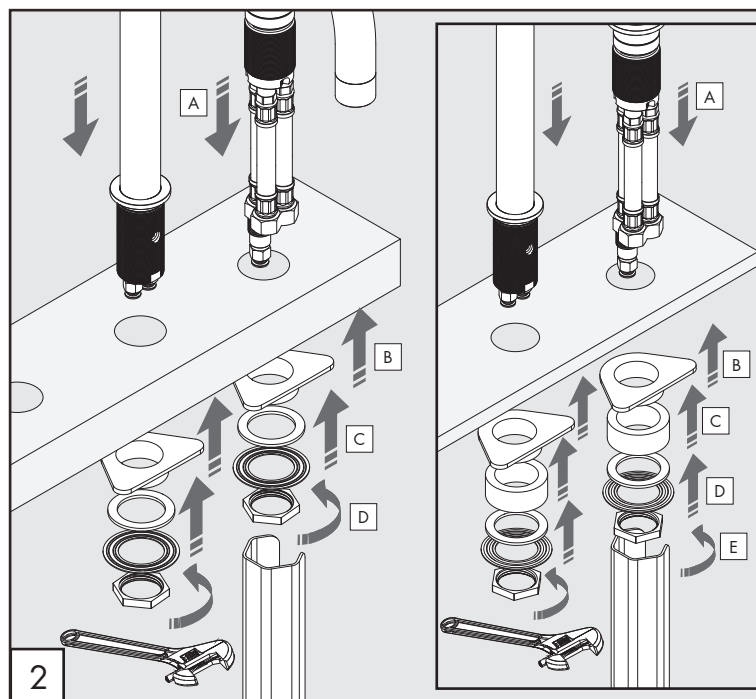

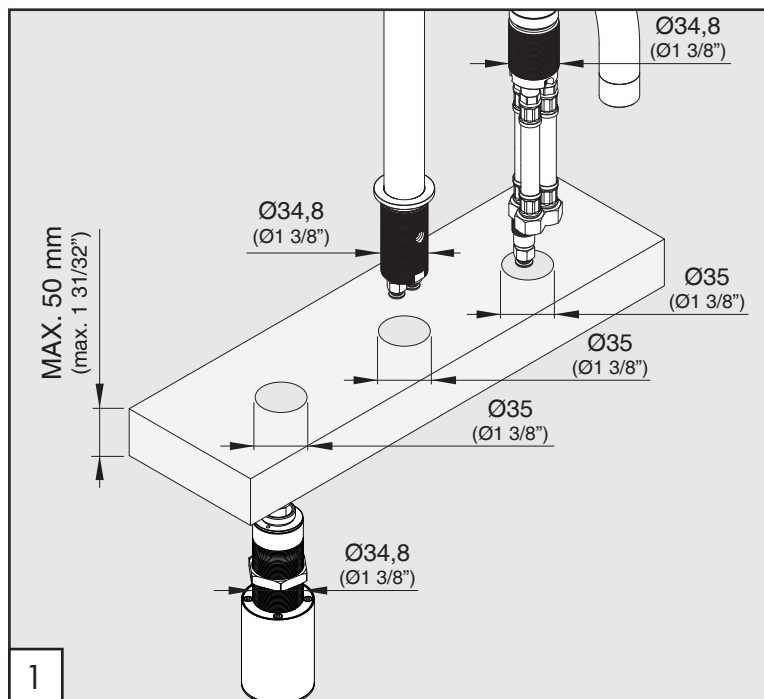

detergente a pH neutro
neutral pH detergent

AVVERTENZE TECNICHE

Risciacquare bene le tubazioni prima del montaggio ed evitare sbalzi di pressione fra i raccordi d'acqua fredda e d'acqua calda. In caso di pressioni statiche superiori a 5 bar si raccomanda l'installazione di un riduttore di pressione per evitare danni al prodotto. È assolutamente necessario che il collegamento elettrico venga effettuato su presa di alimentazione munita di messa a terra. Se non è già esistente, fare installare sull'impianto da personale specializzato un'interruttore differenziale adeguato.

TECHNICAL WARNINGS

The pipes have to be rinsed thoroughly before installation. Avoid pressure differences between hot and cold water supply. Use of a pressure reducer when static pressure is higher than 5 bar to avoid damage to the product. It is absolutely necessary that the electrical connection is made on a grounded power socket. If it does not already exist, have an appropriate differential switch installed on the system by specialized personnel.

TECHNISCHE WARNUNG

Spülen Sie die Leitungen vor dem Einbau Sie Wasserdruckwechsel zwischen kalt und warm Wasserverbindungen. Wenn Wasserdruck größer als 5 bar ist, bitte reduzieren Sie den Systemdruck, um Beschädigung das Produkt zu verhindern. Der elektrische Anschluss muss unbedingt an einer geerdeten Steckdose erfolgen. Falls noch nicht vorhanden, von Fachpersonal einen geeigneten Differenzialschalter an der Anlage installieren lassen.

ADVERTENCIA TÉCNICA

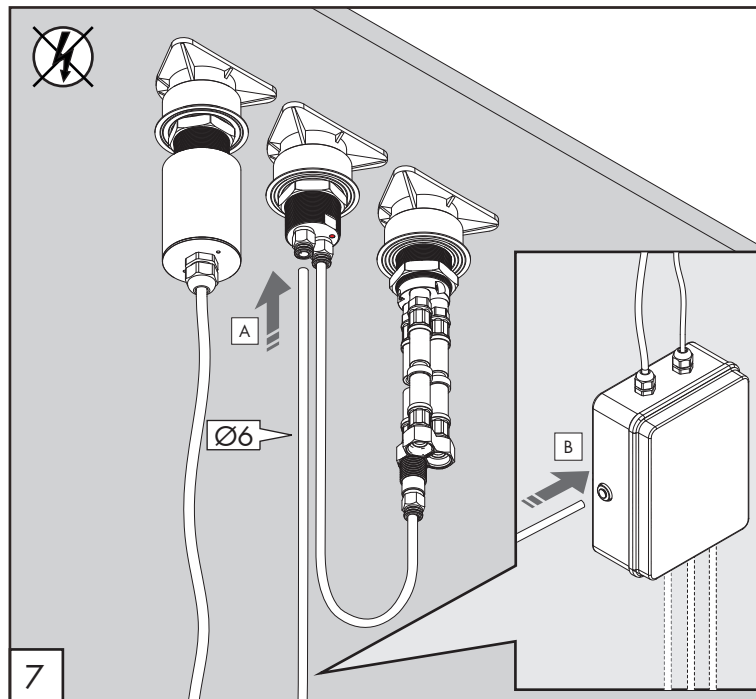

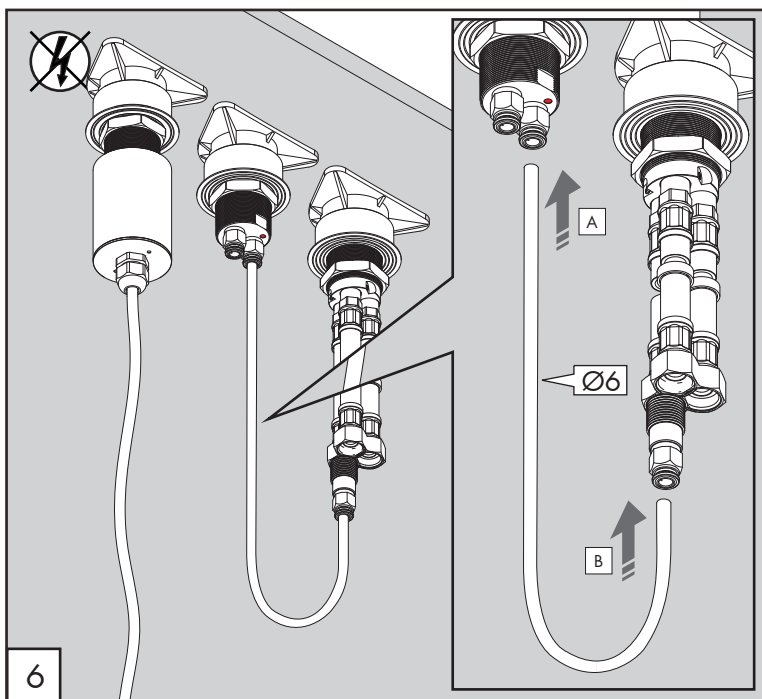

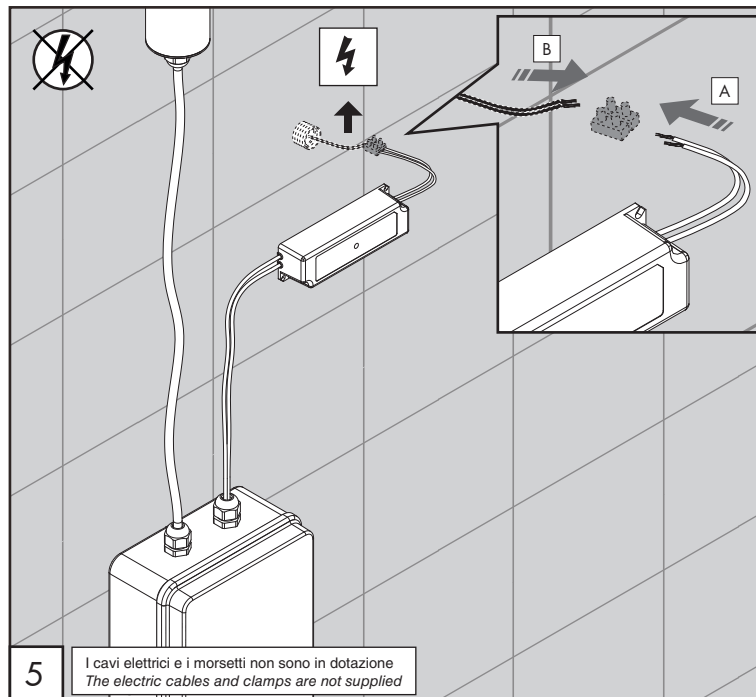

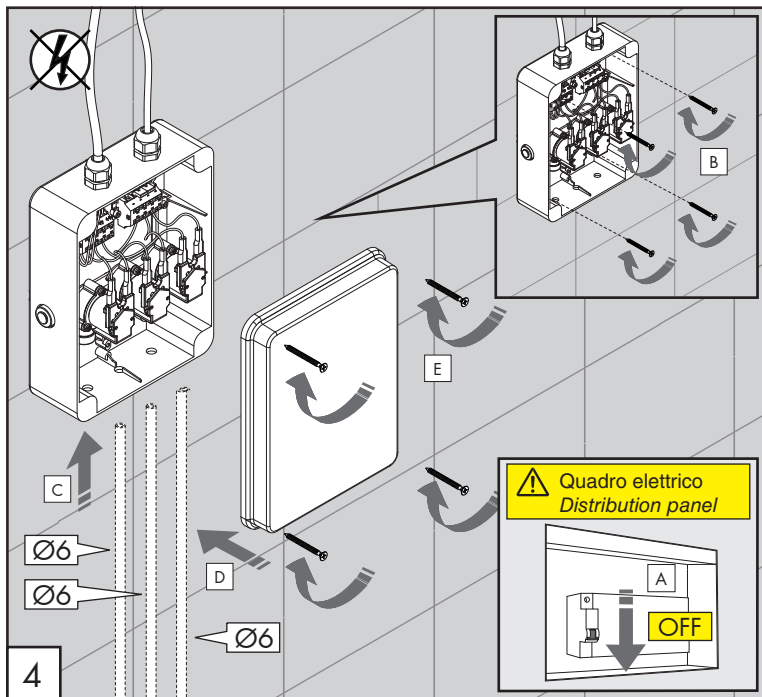

Los tubos tienen que ser enjuagados a fondo antes de la instalación. Evitar grandes diferencias de presión entre las conexiones de agua caliente y fría. En caso de presión estática mayor de 5 bar, se recomienda el uso de un adaptador de presión para evitar daños en el producto. Es absolutamente necesario que la conexión eléctrica se realice en una toma de corriente con conexión a tierra. Si aún no existe, haga que personal especializado instale un interruptor diferencial apropiado en el sistema. Utilizar únicamente el adaptador incluido. La instalación deberá hacerse por técnicos cualificados y de conformidad con las normas vigentes.

AVERTISSEMENTS TECHNIQUES

Rincer les tuyaux avant l'installation. Eviter des grandes différences de pression entre l'eau froide et chaude. En cas de pressions statique de plus de 5 bar, nous vous recommandons d'installer un réducteur de pression pour éviter des dommages à le produit. Il est impératif que le raccordement électrique soit effectué sur une prise de courant avec mise à la terre. S'il n'y en a pas déjà une, faites installer un disjoncteur différentiel adéquat sur le système par un spécialiste. N'utiliser que le bloc d'alimentation fourni. L'installation doit être effectuée par des techniciens qualifiés et conformément aux normes en vigueur.

AVVERTENZE TECNICHE

Utilizzare esclusivamente l'alimentatore fornito in dotazione.
L'impianto deve essere eseguito da tecnici qualificati e conformemente alle norme vigenti.

TECHNICAL WARNINGS

Use only the supplied power supply.
The electric system needs to be carried out by skilled technicians and has to be compliant to the national and international standards.

TECHNISCHE WARNUNG

Nur das mitgelieferte Netzteil benutzen.
Die Installation muss von qualifizierten Technikern und gemäß den geltenden Vorschriften durchgeführt werden.

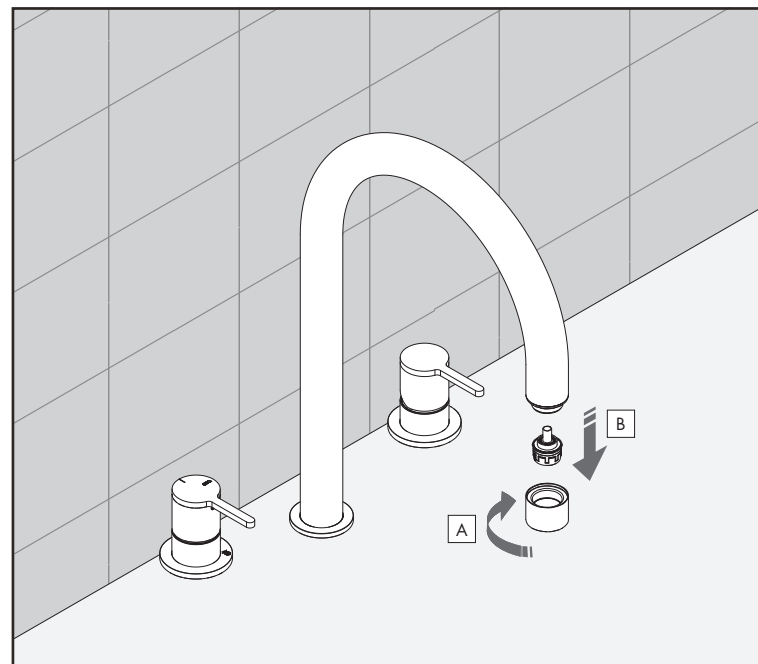

ADVERTENCIA TÉCNICA

Utilizar únicamente el alimentador incluido.
La instalación deberá hacerse por técnicos cualificados y de conformidad con las normas vigentes.

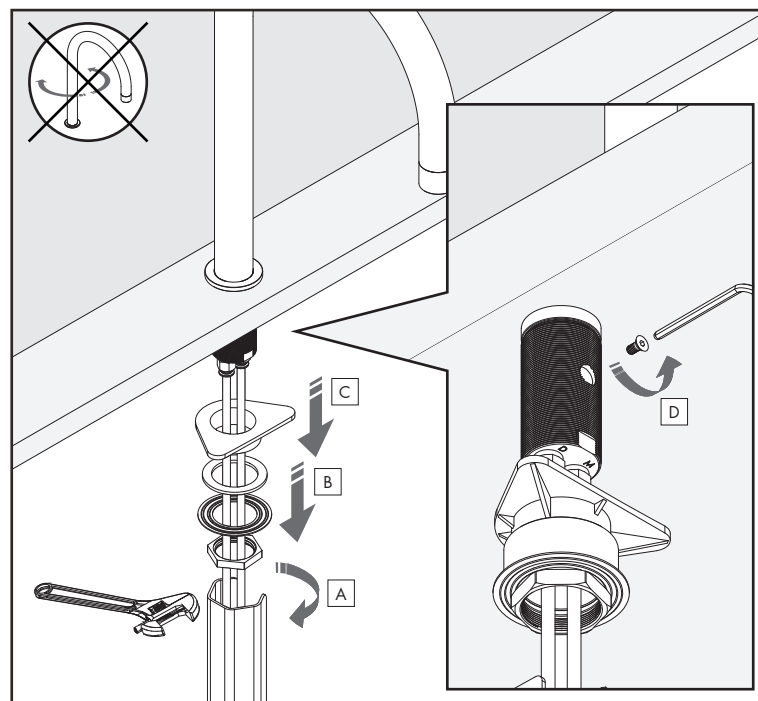

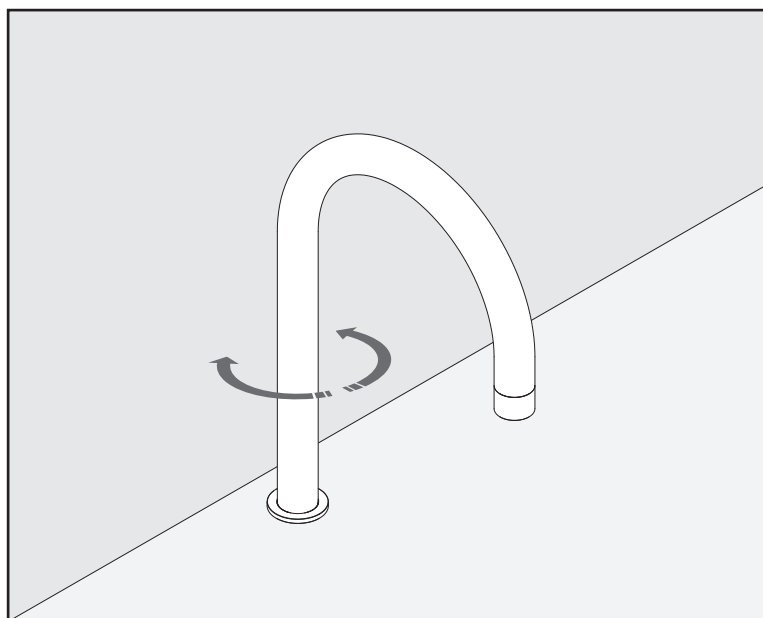

AVERTISSEMENTS TECHNIQUES

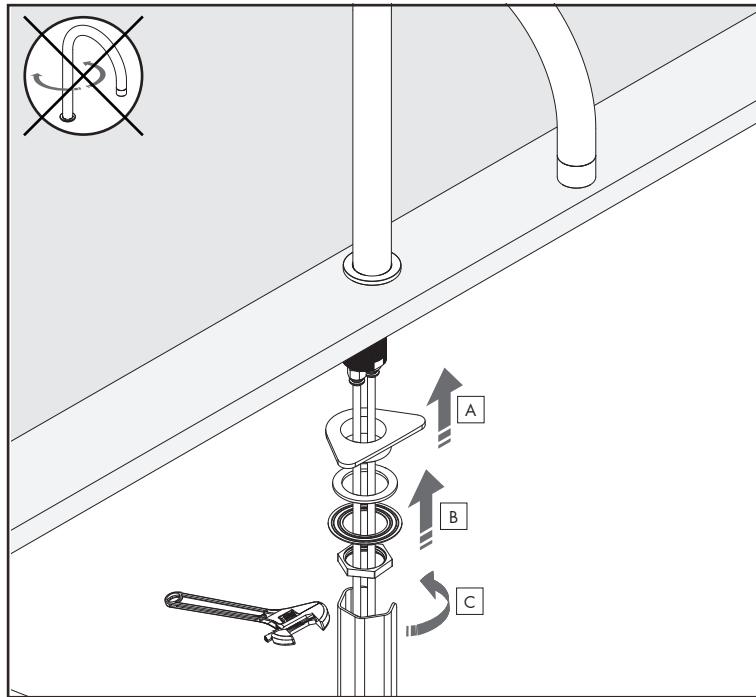

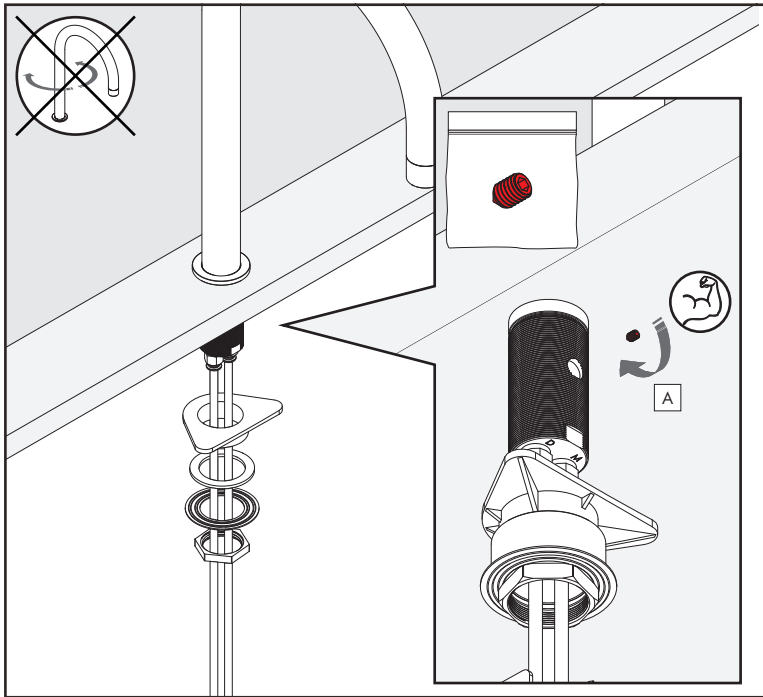

N'utiliser que le bloc d'alimentation fourni.
L'installation doit être effectuée par des techniciens qualifiés et conformément aux normes en vigueur.
