_REV10

DESIGN
NATALINO MALASORTI

WBN10/WASHBASINS

SOLID SURFACE BIOBASED

Lavabo da appoggio (Ø 425 mm, H. 125 mm) in solid surface biobased. Piletta a scarico libero (PIL31) non inclusa

Countertop washbasin (Ø 425 mm, H. 125 mm) in solid surface biobased. Free flow waste drain (PIL31) not included

MANUTENZIONE / MAINTENANCE

NON UTILIZZARE
DO NOT USE

-  acido clorico e muriatico
cloric and muriatic acid
-  acido fluoridrico
hydrofluoric acid
-  ipoclorito di sodio
chlorine bleach
-  alcool isopropilico
isopropyl alcohol
-  carbonato di sodio
sodium carbonate
-  acetone
acetone
-  trielina
trichlorethylene

UTILIZZARE
TO USE

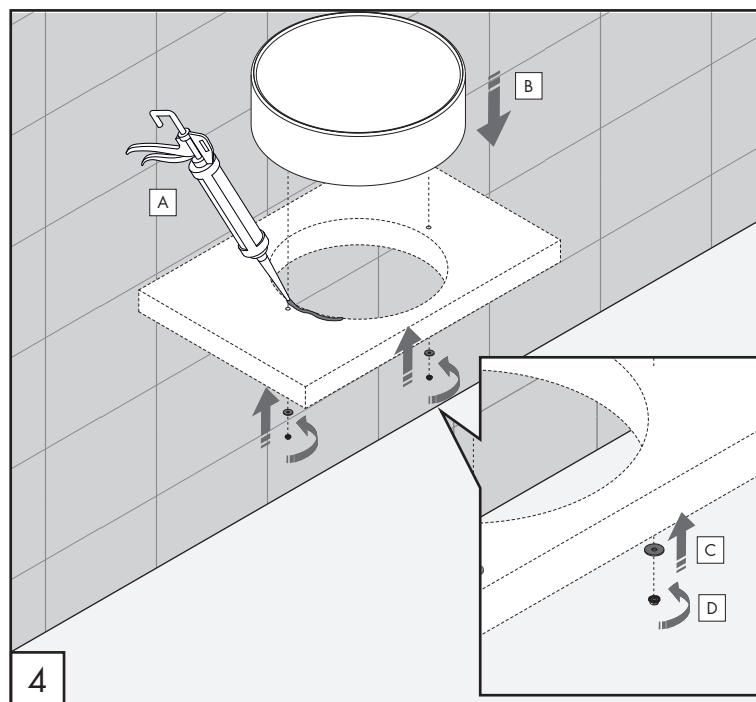

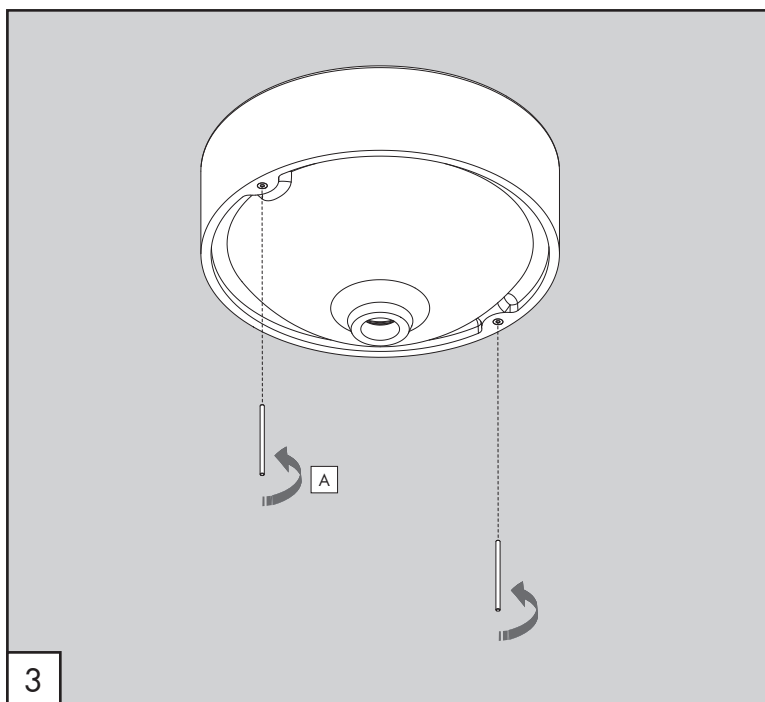

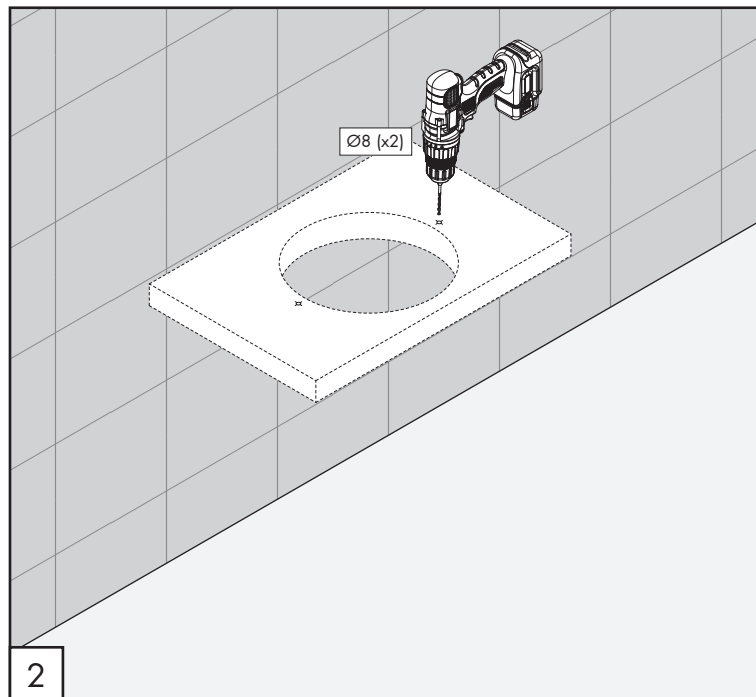

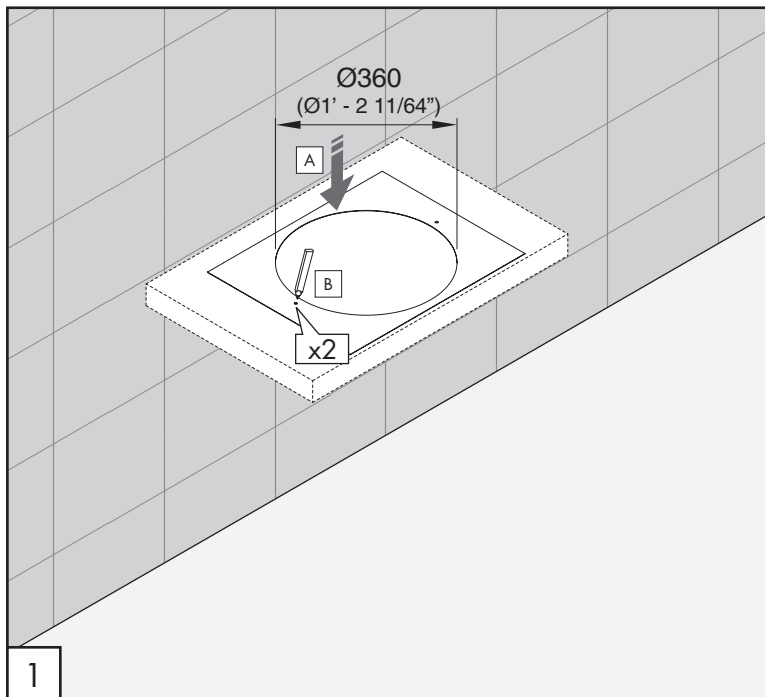

-  detergente a pH neutro
neutral pH detergent
-  acqua saponata
soapy water
-  spugne / pagliette abrasive
scouring pad / sponge
-  detersivi in crema o polvere
cream or powder detergents

AVVERTENZE TECNICHE

Pulire con acqua saponata o comuni detergenti avendo cura di risciacquare bene la superficie. Si sconsiglia l'utilizzo di prodotti chimici aggressivi, solventi, acidi o basi forti. Per piccoli danneggiamenti è possibile ripristinare la superficie adoperando una spugna abrasiva e un comune detergente abrasivo. Evitare lo stress termico del prodotto: non utilizzare acqua bollente e non versare olii e liquidi bollenti sulla superficie. Non utilizzare raschietti metallici, spazole di ferro, lame, taglierino o altri utensili metallici per rimuovere macchie o altro.

TECHNICAL WARNINGS

Clean using soapy water or a normal detergent making sure to thoroughly rinse the surface. We do not recommend the use of aggressive chemicals, solvents or strong acids or bases. Small surface damages can be restored using abrasive sponge combined with a normal abrasive cleaner. Avoid thermal shocks: do not use hot water and do not pour boiling oil or liquids on the surface. Do not use metal scrapers, iron brushes, blades, cutters or other metal utensils to remove marks or similar.

TECHNISCHE WARNUNG

Die Oberfläche des Materials mit Seifenwasser oder einem normalen Reinigungsmittel reinigen. Die Verwendung von aggressiven Chemikalien, Lösungsmittel oder starke Säuren oder Basen wird nicht empfohlen. Kleine Oberflächenschäden können mit einem Schwamm und einem normalen Scheuermittel zurückgesetzt werden. Die thermische Belastung des Produkts vermeiden: kein heißes Wasser verwenden und keine kochenden Öle oder Flüssigkeiten auf die Oberfläche gießen. Keine Metallschaber, Eisenbürsten, Klingen, Cutter oder andere Metallutensilien verwenden, um Flecken oder anderes zu entfernen.

ADVERTENCIA TÉCNICA

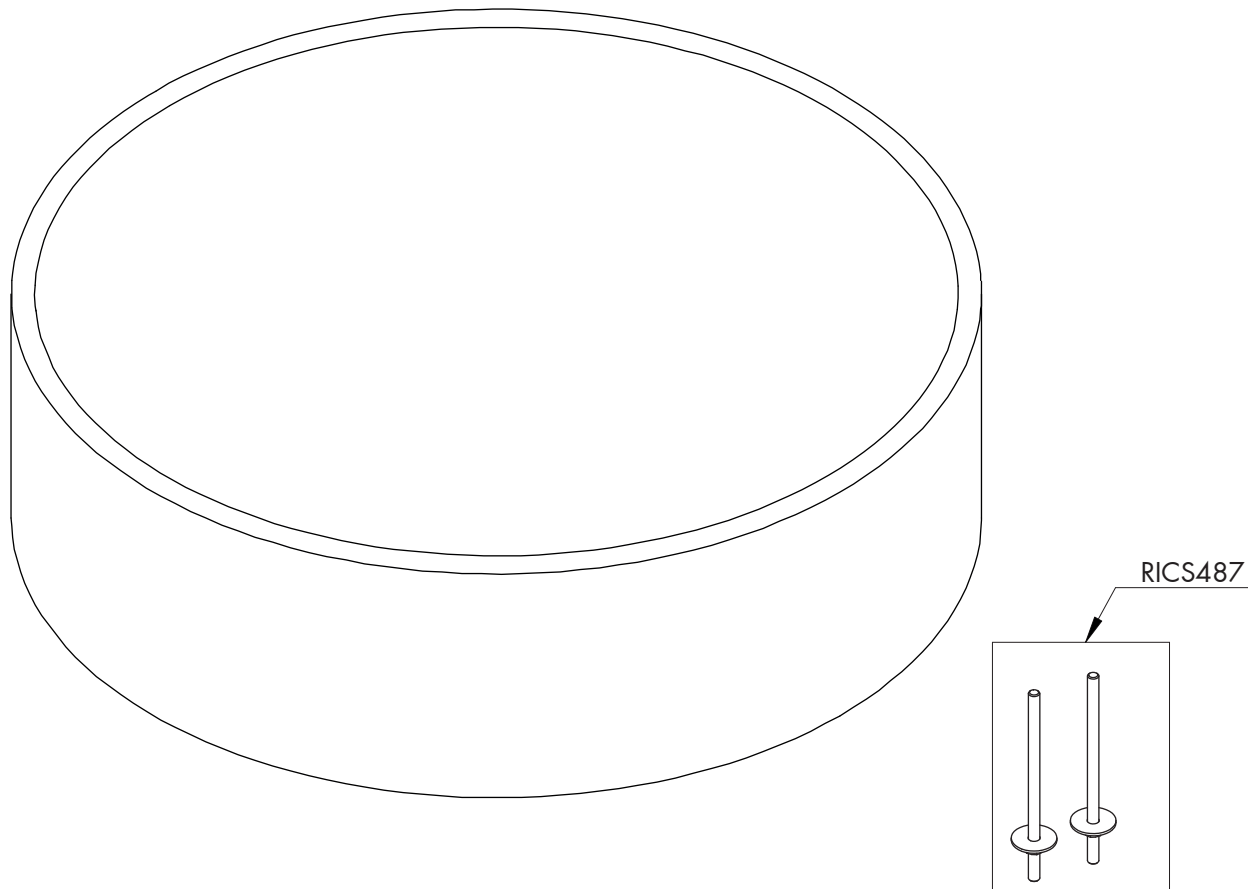

Limpiar con agua y jabón o un detergente común. Enjuague bien la superficie con abundante agua. No se recomienda el uso de productos químicos agresivos, disolventes o ácidos o bases fuertes. Los pequeños daños superficiales se pueden reparar utilizando una esponja exfoliante combinada con un limpiador abrasivo común. Evite someter el producto a estrés térmico: no utilice agua hirviendo y no vierta aceites u otros líquidos hirviendo sobre la superficie. No utilice rasquetas metálicas, cepillos de hierro, cutters, cuchillas u otros utensilios de metal para eliminar manchas o demás.

ADVERTISSEMENTS TECHNIQUES

Nettoyer avec de l'eau savonneuse ou avec des détergents ordinaires, en faisant attention à bien rincer la surface. Nous ne recommandons pas l'utilisation de produits chimiques agressifs, solvants, acides ou bases fortes. Pour les petits dommages, il est possible de restaurer la surface en utilisant une éponge abrasive et un détergent abrasif commun. Éviter le stress thermique du produit: ne pas utiliser d'eau bouillante et ne pas verser d'huiles ni de liquides bouillants sur la surface. Ne pas utiliser de racloirs métalliques, brosses en fer, lames, cutters ni aucun autre instruments métalliques pour éliminer les taches ou autre.
